QUANTUM HEDGING

MANAGED BUSHEL PRICING WINDOWS

CROP YEARS 2025, 2026 & 2027

Max 10 Features & Policies

1. Commission-Free Execution All futures and options trades are executed via the Partner Elevators' brokerage accounts. No trading commissions are charged to the farmer.

2. Bushel Price-Out Option (Early Exit)

Farmers may opt out of the program early by paying a 5¢/bushel fee to Quantum Hedging. This replaces the performance-based contingent fee.

3. In Cases of Early Exit - Quantum Hedging will:

- Price out 100% of the farmer's enrolled bushels.
- Execute the price-out on the next business day.
- Calculate the value of the farmer's proportional share of the hedge book (e.g., 20% of total hedge exposure).
- Close those hedges, convert the result to an equivalent short futures price, and pass this final price to The Partner Elevator who gives it to the farmer.
